Annual Report Reveals Profit

Pacific Portland Cement Co., with plant at Redwood City, reports that the calendar year ending Dec. 31, 1939, showed a net profit of $300,702. This profit, made after all charges, equal to $5.25 a share on 57,289 shares of $6.50 preferred stock with dividends in arrears, compares with a 1938 net profit of $197,712, equal to $3.34 a share on 59,168 shares then outstanding.

Ending the year in the best financial condition in its history, the plant, Redwood City's largest industry, has a working capital of approximately $1,469,000 against $1,195,000 at the end of 1938.

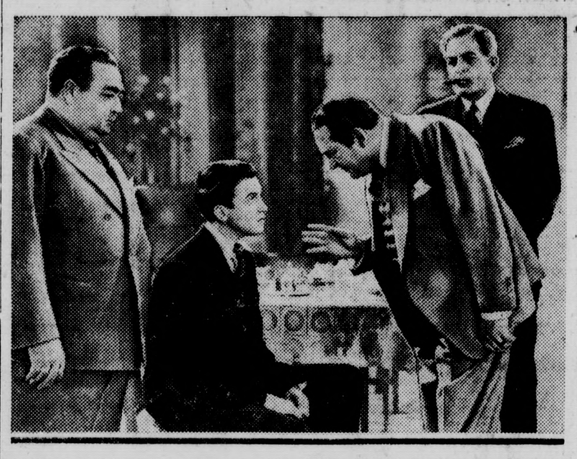

Current assets on Dec. 31, last, totaled $1,770,058, including $188,441 cash, $866,530 inventories, and current liabilities totaled $301,175. Current assets at the end of 1938 totaled $1,472,405 —cash $222,687, inventories $804,760, and current liabilities $276,907.

The company paid $278,942 in preferred dividends during 1939, and canceled 1,879 preferred shares.

Shipments of cement in the United States last year increased 14.79 per cent over 1938 shipments, J. A. McCarthy, president, told stockholders, but in California the increase was 4.73 per cent.

McCarthy ventured no prediction of results for the California cement industry this year.

FRANK CAPRA BUILDS HIS OWN WASHINGTON

James Stewart, co-starred with Jean Arthur in Frank Capra's "Mr. Smith Goes to Washington" at the Redwood Theater, is shown in a dramatic scene with Edward Arnold and Eugene Pallette. Others in the cast of Columbia's new romantic comedy include Thomas Mitchell, Claude Rains, Guy Kibbee, Beulah Bondi, Ruth Donnelly, Astrid Allwyn, Porter Hall, Harry Carey and H. B. Warner

Six of the biggest stages in Columbia's widespread Hollywood studios were monopolized by Frank Capra for life-size reproductions of the United States Senate chamber, the Senate office building and other structures in the national capital, during production of Capra's stirring romantic comedy, "Mr. Smith Goes to Washington." The new film, which co-stars Jean Arthur and James Stewart, is now at the Redwood Theater with a supporting cast which includes Claude Rains, Edward Arnold, Guy Kibbee, Thomas Mitchell and Beulah Bondi.

Forty-three separate sets were constructed for "Mr. Smith Goes to Washington" which moves with bright humor and living force into the city that is the heart of the nation's existence. Were all erected simultaneously they would have preempted Columbia's 14 stages. It was therefore planned to handle the production schedule in two separate parts, in order to "strike" the sets in the early part of the picture to make room for the remainder.

One entire stage was filled by the authentic copy of the Senate chamber itself, with complete ground plans and architectural measurements of the seat of the nation's solons. The press gallery and the visitors' gallery were the second floors of this set and were designed to accommodate 700 persons.

Varied Selection Of Trucks Offered

The popularity of the new 1940 line of Dodge Job-Rated trucks is greatly increased by the wide selection of sizes and models, enabling both fleet owners and independent operators to select a truck to fit their job, according to West Bay Motors Inc., Redwood City Dodge dealer.

The firm explained that Dodge has sounded a new note in the truck industry for 1940 with Job-Rated trucks, which means that each model in the 1940 Dodge line, the most complete in the history of the company, is designed and built to handle its maximum capacity—to fit the hauling job it is intended to do. This, he said, is a real benefit to truck owners and has resulted in a substantial increase in Dodge truck sales over the same period last year.

Dodge Job-Rated trucks are being produced in six different capacities, ranging from one-half to three ton, including a 3-ton Dodge-Diesel truck.

'Health Institute' Due Here Next Week

The Cavalcade of Health, an organization which describes itself as "a sort of traveling health academy" which is visiting larger towns and cities and dispensing the "gospel of good health," is coming to Redwood City next week.

Martin J. Sweeney, business manager and physical director of the organization, has announced Bailey Kay Leach, writer and lifelong student of health and hygiene, will give two lectures at Foresters' Hall on Mar. 11 and 12 at 8 p.m.

Leach, who is more than 80, will talk on "Starving With a Full Stomach" on Monday, and "Eating for Health" Tuesday evening.

THE INDOMITABLE MAJOR ROGERS

Playing the greatest adventure role of his triumph-studded career, Spencer Tracy stars on the Fox Sequoia screen starting Sunday as Major Rogers, the fearless, fascinating and indomitable Indian fighter of Kenneth Roberts' spectacular best-seller, "Northwest Passage." Epic tale of the pre-Revolutionary pioneers who wrested an empire from the Indians and the wilderness, the new action drama comes to the screen in Technicolor as one of the outstanding pictures of all time.

WATER SPILLS OVER DAM

Thousands of motorists Sunday stopped at Crystal Springs Dam on Skyline Blvd. to see the rare sight of water pouring over the structure. The waterfall, temporarily spilling off surplus storm waters, caught the fancy of the motoring public, which jammed the highway. Traffic was untangled by state patrolmen shortly after noon.

Stauffer Firm Head Is Taken by Death

John Stauffer, president of the Stauffer Chemical Co., which has a plant in Redwood City at Bayshore Hwy. and Harbor Blvd., died Monday in San Francisco after a short illness. He was 78.

Dear Johns-Manville Redwood City Plant

I know that most big companies are trying hard to lick accidents in their factories these days. How about accident prevention in *your* company's mines and plants?

—GEORGE CITIZEN

IT'S MEN WHO COUNT

Dear George

Industry, these days, knows the value of its men.

Call it a fashion, or a new day, or a modern movement, or what you will—big companies today want to help their men take care of themselves.

My president, Lewis H. Brown, once said, in effect, that you could throw away the machinery and the buildings of a great company, but still have its biggest asset left if you kept the loyalty and experience and the stacked-up knowledge of its men.

So my company has made a real science of accident prevention—or man preservation—in its plants. It has a Safety Engineer and a staff of men who think all of the time about accident prevention. It has spent many thousands of dollars for devices to prevent accidents. It holds regular "accident-prevention" meetings for its men. It's really "agin" accidents.

Of course, all this wouldn't do much good unless our thousands of plant workers really practice what the safety men preach. The help of every jobholder is needed to make safety programs work, and I am glad to say that our men have done a wonderful job of taking care of themselves and their fellow workers.

It is with great pleasure, then, that my company announces that the accident rate in its mine, mill and factory operations at 16 locations in the United States and Canada was *reduced 52 percent during 1939 compared to 1938.*

According to our safety engineer, Fred Lippert, the 1939 figure represents a 64 percent decrease from the previous seven-year average.

And this despite greatly increased production in 1939.

Four big Johns-Manville factories operated all year without a single lost-time accident.

1939 set a safety mark that will be mighty hard to beat, but we are going after improvement in our safety record this year harder than ever.

—Johns-Manville Redwood City Plant

New Bake Shop Opens in S. C.

Tomorrow will see the opening of the New Frances Bake Shop on Laurel Ave., San Carlos, in the new buildings built by Jesse Davis. The proprietors, Mr. and Mrs. J. E. Kanewske, are long-time residents of the Peninsula, having been in the wholesale baking business in Burlingame.

The bakery is new in design and was created by the planning division of the San Francisco Showcase Co. The new blonde Philippine mahogany fixtures are blended against an azure blue wall that creates a startling effect in color harmony.

Merl De Coux, high class baker from Southern California, is employed in the back shop. His deft skill was in part responsible for a one-ton birthday cake that was delivered to President Roosevelt on his first birthday after his election. He was also responsible for many of the movie stars' Marzipan-decorated and sugar-iced birthday cakes.

Frances Kanewske, after whom the shop is named, plans to serve Peninsulans with the finest baked goods possible, pastries, breads, and all varieties of fine baked things made in the new sanitary shop and of the highest vitamin content materials.

Wedding and birthday cakes will be specialized in.

MENLO PARK NEWS

'MRS.' BEST M. P. RESIDENT

MENLO PARK, Mar. 7—"Mrs." Adelle Best, who was discovered to be a man after "her" death in a San Mateo hospital, resided on Laurel Ave. several years ago. Neighbors spoke of "her" as a quiet, amiable "woman," having no friends and wanting none. "She" lived here for a short time, going from here to Pescadero.

Dr. E. Egtahl has opened an office in the Martin Building on the highway. The doctor is a resident of Atherton. He formerly practiced in San Francisco.

Thomas Ferman, former chief of police of this city, is quite ill in a sanitarium at Woodside. Very little hope is held for his recovery.

A mission for the benefit of the Italian residents of Menlo Park will be given in the Church of the Nativity beginning on Mar. 11 and ending on Mar. 17. Father Chettici, who gave the last mission, will be in charge.

Mrs. C. P. Parson will give a tea and miscellaneous shower to 32 guests at her home this afternoon in honor of Miss Charlotte Grill. Miss Grill, the pretty daughter of Mr. and Mrs. F. B. Grill, is to be married in April to Frank Willis of Redwood City. The ceremony is to take place in the Church of the Nativity, with Father McKeon reading the ceremony. The bride-to-be is on the staff of the Palo Alto Hospital.

The election for a member of the Menlo Park Fire District Board will take place on Apr. 1. The incumbent, H. J. Jepsen, Atherton, will be a candidate to succeed himself. He will be opposed by John A. Sullivan of Santa Cruz Ave. Both are San Francisco attorneys.

The time for filing nomination petitions for municipal offices expires Saturday at 12 noon. There are five candidates running for two places on the board. The latest to file are J. L. W. MacDonald, now a member of the planning commission, and H. V. Case. The contest promises to be a very spirited affair.

The Detroit River is the greatest maritime highway in the world, outranking New York harbor in freight tonnage handled.

Sewer System Plans Approved for EPA

EAST PALO ALTO, Mar. 4—Directors of the East Palo Alto Sanitary Board decided last week to proceed with installation of a sewage disposal system under the Municipal Act of 1913 as enlarged by an amendment signed yesterday by Governor Olson.

It extends to counties and districts jurisdiction previously given only to cities for assessment procedure in acquiring or constructing public utilities, and enlarges its scope to cover general improvement as well as public utilities.

It will now be possible for the engineer to file a list of assessments covering the cost of the job when plans and specifications are filed, and for a protest hearing to cover both matters.

Special Concerts Slated by Symphony

SAN FRANCISCO, Mar. 4—Announced for Easter Sunday night in Memorial Opera House is a "pop" concert by the San Francisco Symphony Orchestra with Oscar Levant, music wizard of radio's "Information Please," as piano guest soloist.

Levant is a recognized concert pianist on the platform as well as over the air. He will play George Gershwin's Concerto in F with the orchestra under the baton of Conductor Pierre Monteux.

At the regular concert pair next Friday afternoon and Saturday night, Alec Templeton, famous blind pianist, will be guest soloist making his San Francisco debut. He will play the Piano Concerto in B flat (K.595) with the orchestra.

Two More Seeking Atherton Positions

ATHERTON, Mar. 6 — Two new candidates entered the town councilman race here yesterday when they filed nomination papers. They are Angelo J. Depaoli and Stephen W. Gerber.

They bring the total number of candidates to six. Four incumbent candidates previously had filed their intentions of running for office again to fill the four positions which become vacant.

Gerber, resident of Patricia Dr. for three years, is an official of an oil company, in charge of his company's affairs in the western states. He will run for the long-term, which is a four-year post.

Depaoli, Winchester Dr., has been a resident of this district for five years. He was formerly a pharmacist in San Francisco, and entered the insurance business in San Francisco in 1926. He will run for the short term, a two-year office.

The four incumbents are Mayor James B. Howell, Charles Merrill, Thomas G. Packham, and John F. Brooke Jr.

MRA Dinner Planned In San Mateo Mar. 19

What is Moral Rearmament? San Mateo County will have an opportunity to learn Mar. 19. On that Tuesday evening in the Benjamin Franklin Hotel in San Mateo there will be a dinner sponsored by many of the mayors of the Peninsula cities. Results of the moral rearmament in other countries will be told.

Machineless Wave Equipment Secured

Clothing Burglary Suspect Is Captured

PALO ALTO, Mar. 6—Captured on the roof by policemen summoned when Howard Slingler heard footsteps on the Campus Garage at 5 a.m. yesterday, Bernie Boldt, 22-year-old jobless Mayfield youth, was held in jail here today charged with burglarizing Roos Brothers' store of an overcoat, which he was wearing; 11 sport coats, 14 pairs of slacks, and other miscellaneous items valued at about $1000. Entry was gained through a ventilator leading from the roof to the women's rest room on the mezzanine floor. Preliminary hearing has been set for Thursday.

DR. CAMPBELL, Dentist

SAYS: "So **intimate** to one's everyday life and so important to one's **appearance** are

DENTAL PLATES

that everywhere dentists are using and recommending the new TRANSPARENT DENTAL PLATE MATERIALS."

For sheer *beauty, naturalness* and *daintiness* they are unique. Mere words do not suffice to describe the *artistry* shown in the cunning *blending* of color tones that make them so *lifelike*, so *gratifying* to the eye and so well *adapted* to their purpose that one can well understand why they are being so enthusiastically *endorsed* by many members of our dental profession, and why we are *proud* of such a great factor that does so much to enable us to make *dental plates* that are nearer in *appearance* to *nature's own* tissues than many materials formerly used.

NO MONEY DOWN on approval of your credit. Pay small weekly or monthly payments.

Take as long as 1 year to pay

Transparent Dental Plate Material

Means so much to you! Dentists everywhere are using it in making plates and praising it for these qualities

1. **LIGHTWEIGHT** . . . yet practically unbreakable—so strong the palate can be made thin—clear, transparent and dainty.
2. **SIMILARITY** in color to nature's own gums being so great, results can be obtained that detection is almost impossible.
3. **SNUG FIT** possible, due to adaptability of transparent material to each individual mouth.
4. **SMOOTH** glossy finish made possible so that plates can easily be kept clean.

How To Relieve Bronchitis

Bronchitis, acute or chronic, is an inflammatory condition of the mucous membranes lining the bronchial tubes. Creomulsion goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back.

CHAMBER SETS FIRST MEMBERSHIP MEETING AS LUNCHEON MARCH 28

First quarterly meeting of the Redwood City Chamber of Commerce will be held at a luncheon Mar. 28, it was decided on Tuesday afternoon by the board of directors. Place of the meeting and the program will be arranged for by a committee composed of Dr. W. B. Langston, Lewis E. Franklin and Ole S. Oleson, appointed by Pres. Sam H. Winklebleck.

The president announced the completion of the chamber's industrial committee as follows: Carl Stoner, chairman; James P. Hagan, J. Elmer Morrish, Daniel R. Stafford, Henry A. Beeger, S. A. Abrahams and Dan St. George.

In connection with the industrial activities of the chamber, Secretary-Manager Roscoe D. Wyatt reported that improvements to the industrial manual, such as the inclusion of maps and climate data, are planned as the result of a conference of City Manager C. L. Dimmitt, Port Manager L. M. Rudy and H. W. Squires of the industrial division of the San Francisco Chamber of Commerce last Friday.

Appointed to co-ordinate activities of civic, commercial and fraternal bodies in connection with a Redwood City Day at the San Francisco Bay Exposition this year were Harold F. Anderson, Norman S. Menifee and W. D. Ryan. They will work on plans for a day at the exposition sometime in June, it was indicated.

Chairman H. C. Mitchell of the merchants' committee discussed plans for the Merchants' Night. Named to look after the chamber's interests in a joint chamber of commerce-service clubs sign at Main St. and Bayshore Hwy. were Menifee, J. A. Buhler and Frank A. De Patta.

the First Methodist Church in Redwood City Mar. 25 at 6:30 p. m. Others who spoke in the run-off were P. M. Williams, Dr. R. O. La Berge, Donald L. Bogie and Clarence J. Holt.

The world's smallest country is Vatican City, which comprises 108.7 acres. The world's largest country is the USSR (Union of Soviet Socialist Republics) with an area of 8,144,228 square miles.

35 Motorists Get Citations

Six hundred eighty-one cars stopped—and not a drunken driver in the lot—

That was the California Highway Patrol's report of a roundup made late Saturday night at Millbrae.

Directed by Sergt. Manfred Walzberg, four patrolmen stopped all southbound machines from 11 p.m. Saturday till 1 a.m. Sunday on El Camino Real.

Of the 681 drivers halted, only 35 were given citations—26 for faulty lights, 2 for driving without due caution (failing to stop for the flares set up by the officers) and 7 for miscellaneous car defects.

"Only two drivers showed any signs that they had been drinking, and they had not drunk enough to warrant their arrest," Walzberg said.

Of the pair, one was kept at the scene for the duration of the "raid," the other turned his driving duties over to a passenger in the machine.

Walzberg said the "light and mechanical inspection" was conducted with a minimum of delay to motorists. He was aided by Officers Otto Schramm, Walter Sequeira and Elmer Grandy.

Cp CERTIFIED PERFORMANCE

GAS range

Everything is new and likeable about the 1940 model Gas Ranges both in the way they look and the way they cook.

To begin with, these new Gas Ranges are finished in every part in porcelain enamel and chrome. Just once-over with a damp cloth quickly restores the never-cooked-on newness after each meal. Compact and efficient looking, the new Gas Ranges add smartness to the smartest kitchen.

The instant you use one of the new Gas Ranges you'll see why Certified Performance also means Cooking Perfection. Giant top burners provide speed that make cooking faster than ever before. Or you use the slow simmer burner that saves gas, cook foods gently without scorching so there's no need to be a "pot watcher." All burners light automatically. And in the automatic ovens you can have high speed for fast baking or use low temperature for tenderizing less expensive cuts of meat.

Make sure you see the handsome 1940 Gas Ranges on special display this week. There is a Ten Dollar Saving, too, if you buy now. Take advantage of this money-saving offer!
